

IMAC-XXX Awards Luncheon

Wednesday, February 1, 2012

Three awards will be presented at this year's Luncheon: The D.J. DeMichele Award, the D.J. DeMichele Scholarship Award, and the SEM Model Validation and Uncertainty Quantification Technical Division's Best Paper award.

The D.J. DeMichele Award recognizes an individual who has demonstrated "exemplary service and support of promoting the science and educational aspects of modal analysis technology."

The 2012 recipient of the D.J. DeMichele Award is:

Raj K. Singhal, David Florida Lab, Canadian Space Agency

The D.J. DeMichele Student Scholarship Award is intended to honor the generous spirit of Dick DeMichele by providing financial assistance to students traveling to present papers at an IMAC.

The 2012 recipient of the D.J. DeMichele Student Scholarship Award will be announced at the Luncheon

Best Paper awards are given for outstanding presentations at SEM conferences. Awardees are chosen by SEM Technical Division organizers.

The 2011 Model Validation and Uncertainty Quantification Best Paper is:

Multi-dimensional Calibration of Impact Dynamic Models

by:

L.G. Horta, M.C. Reaves, M.S. Annett, K.E. Jackson, NASA Langley Research Center

One ticket to the Luncheon is included in the conference registration fee. However, SEM must be notified of your intention to attend the luncheon prior to 10:00 AM, Tuesday, January 31, 2012. Please check the appropriate box on the registration form, and list any special meal requirements in the space provided.

Additional tickets to the luncheon may be purchased for guests and spouses at the cost of \$60.00 per ticket. They must be purchased prior to Tuesday, January 31, 2012 at 10:00 AM.
